Jeffery –

Regarding our data sharing agreement, I have had a couple cities ask if their City Attorney needs to sign. I was thinking that is more a matter of their internal workflow, but wanted to check with you. If their Chief of Police signs, I'd be satisfied. Your thoughts?

Thank you,

Dan

Good morning Commander Cohen,
Sgt. Montojo here again from SBPD. Good news, we are almost finished installing our own Flock cameras in our city. Months ago, you send me a document that I needed to have my Command Staff sign in order for your agency to share your cameras with us. In your document it indicates that our "City Attorney" also needs to sign this. Will a signature from our Assistant Chief suffice or does it need our City attorney's signature as well? Thanks.

Good afternoon Commander,
By chance, can you refer me to your point of contact who handles retention periods related to your BWC system? I am trying to make sure we are in line with our neighboring agencies as it relates to digital retention. Thanks in advance.

Perfect. We have 12 ordered and likely to get more by new fiscal year depending on statistics. I'll review the MOU and send it up my chain and get it back to you. Thanks.

Sgt. Montojo –

I'm glad to hear you are looking into Flock ALPRs. How many cameras are you looking to purchase?

We would be happy to share with you. We restrict our ALPR data sharing to "regional partners," which we define as SLO County and SB County law enforcement agencies. We do require a signed MOU before we flip the switch to share. I have attached a copy for review/signature by your Chief and City Attorney. Once you email a signed copy, I'll route for signatures on my end and get you a final countersigned copy for your records.

If you have any questions please let me know.

Dan

Commander Cohen,
Santa Barbara PD would like for us to share our cameras with them.
I told him I'd forward his email to you.

Good morning Corporal Best,
Sergeant Montojo here with Santa Barbara PD. I was told you're the Flock administrator for SMPD. We are in the works of purchasing our own Flock cameras for our city which will hopefully be installed in the next couple of months. With that, I am going through all the logistics in implementing the system so that it can up ready once we go live. We are currently sharing networks with agencies south of us in Ventura County but also wanted to network with your agency. I was told that SMPD will only share with agencies within "50 miles" of Santa Maria. Is this accurate? If so, do you think this could be reassessed as our two agencies being in the same county have some overlap in some of the types of crimes we investigate? Let me know your thoughts. Thanks.

Best,

Antonio Montojo
